

SHORT TERM EXPERT HELP FOR CHARITIES

Are you a senior executive, senior manager or skilled professional who is job-seeking or facing redundancy? Would you be interested in joining an Interim Expert Panel where you could use your experience, knowledge and skills in short-term assignments to support voluntary and community organisations?

Induction into the panel will be covered at two executive workshops developed in partnership with Aylesbury College. The workshops, at venues across the county, deliver an induction into volunteering and the not-for-profit sector, increase understanding about work as an interim manager or consultant and much more. Future workshops are planned for 13th and 20th October in Aylesbury and 9th and 16th November venue to be confirmed.
